OUR WORKPLACE:

CMB Engineering is committed to providing good workplace standards, decent health and safety requirements and fair pay and conditions. We aim to employ a workforce that reflects the diversity of our customers. Our employment policies, including a commitment to equal opportunity, are designed to attract and retain high-calibre individuals, regardless of age, gender, race, religion, disability, nationality or sexual orientation. It is our policy to provide staff with training and career development so they can grow and develop within the company. Where practicable, we offer flexible working to enable individuals to balance the needs and demands of both their home and their work lives.

CMB Engineering believes effective employee communication and consultation is particularly important in achieving our business objectives. We value employees' opinions and seek to actively involve them in the decision making process.

CMB Engineering expects every member of staff to take individual responsibility for their performance and to work together to achieve our goals.

OUR COMMUNITIES:

CMB Engineering is an active member of the communities in which we operate and aims at all times to be a good neighbour. As well as making a positive contribution to local communities by bringing jobs for local people, we sponsor local causes, particularly those associated with children, the elderly and people with disabilities. We encourage staff to become involved in fundraising and charitable activities, and allow them to nominate which organisations the company supports.
